ABOUT US

The pavement around your facilities is one of your biggest assets. We deliver the skilled construction, repair and maintenance you need to protect it. Our proven process helps you meet today's paving needs and save 66% on long-term maintenance.

Since 2004, commercial, educational, municipal and government organizations across the Zimbabwe have trusted PERFECT EDGE Pavement to preserve and manage their paved assets. With integrity, communication and respect, we work with our clients to save time and money, without sacrificing quality.

You can rely on us to deliver the full spectrum of concrete paving services. We know that our job isn't done until your entire scope of work is complete, including the last 5%. We take pride in leaving your job site clean, safe and looking great.

Concrete Paving

Concrete Repair and Replacement

Striping and Signage

The condition of your parking lots and paved surfaces is key to compliance and the safety of your patrons. With our Ram pavement maintenance program, PERFECT EDGE partners with you on the cost-effective management of all of your paved assets - delivering comprehensive assessment at critical times throughout the year to proactively identify issues before they become problems. We extend the lifespan of your pavement so you can reduce your total cost of ownership.

At PERFECT EDGE, we have the knowledge and experience to help you manage your paved assets and maximize your property value.
